## **What has Dick Moore done for Sutton?**

- He landed \$6 million for turning lanes and traffic signals to be constructed at the intersection of Route 146 and Boston Road. Widely recognized as a dangerous and busy intersection, he consistently called for a resolution, whether it was a flyover or this proposal, he delivered.
- He recently announced \$15 million in funding for the Blackstone Valley Bikeway, a recreational network of trails that he has long been an advocate for, which will preserve the area's rich natural beauty and serve as a public health and economic boost to the communities it eventually passes through, including Sutton.
- He secured state funding for the bridge project along Main Street over the Mumford River, which is part of the \$3 billion Accelerated Bridge Program.
- He stood with local officials and area residents in preventing a breach of the Manchaug Pond Dam, a plan which would have dramatically altered the water level of Manchaug Pond and directly impacted property owners around the lake while reducing the value of their property dramatically.

While Dick Moore has worked tirelessly over the course of the 2009-2010 session, throughout his public service as a State Representative and as a member of the Senate, he has led the way to achieving real results on major efforts that have helped make Sutton a beautiful place to live and work.
